DETAILED ACTION

Drawings

The drawings are considered to be informal because they fail to comply with 37 CFR 1.84(a)(1) which requires black and white drawings using India ink or its equivalent.

Photographs and color drawings are acceptable only for examination purposes unless a petition filed under 37 CFR 1.84(a)(2) or (b)(1) is granted permitting their use as formal drawings. In the event applicant wishes to use the drawings currently on file as formal drawings, a petition must be filed for acceptance of the photographs or color drawings as formal drawings. Any such petition must be accompanied by the appropriate fee as set forth in 37 CFR 1.17(I), three sets of drawings or photographs, as appropriate, and, if filed under the provisions of 37 CFR 1.84(a)(2), an amendment to the first paragraph of the brief description of the drawings section of the specification which states:

The file of this patent contains at least one drawing executed in color. Copies of this patent with color drawing(s) will be provided by the Patent and Trademark Office upon request and payment of the necessary fee.

Color photographs will be accepted if the conditions for accepting color drawings have been satisfied.

Claim Rejections - 35 USC § 102

Art Unit: 3741

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1,6,7 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by the Experiment No. 2 yarn in Table 4 in col. 11 in 3,894,318.

Claims 1,6-12, 23 and 24 are rejected under 35 U.S.C. 102(b) as being anticipated by the plain gauge knitted fabric designated by Staple No.1 in Table 1 in col.7 in 4,071,502. Re the article of apparel limitation in claim 23 "clothes" are disclosed on line 16 in col.1 in the reference. The staple length, filament denier, and fiber type limitations in claims 7-12 are disclosed in columns 3&4 in the reference.

Allowable Subject Matter

Claims 2-5,8-12 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 13-22,25 are allowed.

Conclusion
